AFTER FIRE OPERATIONS REPORT

Please fill out all required fields carefully and double-check your answers before submitting. If a question doesn't apply, type "N/A."

A. RESPONSE DETAILS

1	Type of Responder *(select only one)*		
	/	*First Responder*	*Sampaloc Central Fire Station*
		Augmenting Team	*N/A*
2	Date Fire Notification Received *(mm-dd-yyyy)*		03-15-2026
3	Time Fire Notification Received *(24 hour format)*		14:30
4	Region		NCR
	Province/District		Metro Manila
	City/Municipality		Manila
	Complete Address of Fire Incident		*123 Test Boulevard, Brgy 456, Manila*
5	Nearest Landmark (if applicable)		Across Plaza Roman
6	Name and Contact Number of Caller/Reporter		Juan Dela Cruz / 09123456789
7	Name of Personnel Who Received the Call/Report		FO1 Alice Reyes
8	Name of Engine Dispatched		E232112-22
			N/A
			N/A

9	Time Engine Dispatched *(24 hour format)*	14:31
		N/A
		N/A
10	Time Arrived at Fire Scene *(24 hour format)*	14:38
		N/A
		N/A
11	Total Response Time in Minutes (=10-3)	7
12	Approximate Distance of Responding Unit to Fire Scene *(in kilometer)*	6
13	Highest Alarm Level Tapped	*Second Alarm*
14	Time Returned to Base *(24 hour format)*	15:48
15	Total Gas Consumed *(in Liter)*	3

B. NATURE AND CLASSIFICATION OF INVOLVED

16	Classification of Involved		
	/	*Structural (pick from dropdown list)*	Commercial (Restaurant)
		Non-Structural (pick from dropdown list)	*N/A*
		Transportation (pick from dropdown list)	*N/A*
17	Name of Owner / Name of Establishment		Test Kitchen Eatery
18	General Description of Involved *(basic construction type, make, built, brand, model of the involved)*		Concrete
19	Area of Origin *(example: living room, dinning room, kitchen, basement, garage, bedroom and/or vehicle)*		Kitchen / Cooking Area
20	Stage of Fire Upon Arrival *(pick from dropdown list)*		Free-burning
21	Extent of Damage *(select only one)*		
		None/Minor Damage	*N/A*
		Confined to Object/Vehicle	*N/A*
		Confined to Room	*N/A*
	/	*Confined to Structure or Property*	*100 / 0.3*
		Total Loss	*N/A*

		Extended Beyond Structure or Property	*N/A*
22	Number of Structures Affected		*1*
23	Number of Household Affected		*0*
24	Number of Families Affected		*0*
25	Number of Individuals Affected		*0*
26	Number of Vehicles Affected		*0*

C. ASSETS AND RESOURCES

27	Response Vehicles *(Check all applicable)*		
	/	BFP Fire Trucks	*3*
	/	BFP Manned Fire Trucks (LGU Owned)	*1*
		Non-BFP Fire Trucks	*N/A*
	/	BFP Ambulance	*1*
		Non-BFP Ambulance	*N/A*
		BFP Rescue Trucks	*N/A*
		Non-BFP Rescue Trucks	*N/A*
		Others, specify	*N/A*
28	Tools and Equipment *(Check all applicable)*		
	/	Self-Contained Breathing Apparatus (SCBA)	*4*
		Rope	*N/A*
		Ladder	*N/A*
	/	Hoseline	*3*
		Hydrolic Tools & Equipment	*N/A*
		Others, specify	*N/A*
29	Location and Distance of Nearest serviceable Fire Hydrant		*150m*

D. FIRE ALARM LEVEL		*(24 hour format)*	*(mm-dd-yyyy)*	*(Incident Commander/Ground Commander)*
30	1ST ALARM-FOUA	*14:38*	*03-15-2026*	*INSP Leo Villanueva (Ground Commander)*
	1ST ALARM	*14:40*	*03-15-2026*	*INSP Leo Villanueva (Ground Commander)*
	2ND ALARM	*14:45*	*03-15-2026*	*INSP Leo Villanueva (Ground Commander)*
	3RD ALARM	*15:00*	*03-15-2026*	*SINSP Mark Santos (Incident Commander)*
	4TH ALARM	*N/A*	*N/A*	*N/A*
	5TH ALARM	*N/A*	*N/A*	*N/A*
	TASK FORCE ALPHA	*N/A*	*N/A*	*N/A*
	TASK FORCE BRAVO	*N/A*	*N/A*	*N/A*
	TASK FORCE CHARLIE	*N/A*	*N/A*	*N/A*

	TASK FORCE DELTA	*N/A*	*N/A*	*N/A*
	GENERAL ALARM	*N/A*	*N/A*	*N/A*
	FIRE UNDER CONTROL (FUC)	*15:45*	*03-15-2026*	*SINSP Mark Santos (Incident Commander)*
	FIRE OUT (FO)	*16:30*	*03-15-2026*	*SINSP Mark Santos (Incident Commander)*
31	Incident Command Post (ICP) *(select only one)*			
	/ With	*Specify location of ICP: Corner of Test Blvd and 4th Street (50 meters upwind from*		
	Without			

E. PROFILE OF CASUALTIES			**Male**	**Female**
32		Injured Civilian	*2*	*1*
		Injured BFP Firefighter	*1*	*0*
		Injured Fire Auxiliary	*0*	*0*
		Civilian Fatality/ies	*0*	*0*

I. NARRATIVE CONTENT (Write in chronological order)

On or about 1430H of 15 March 2026, FO1 Alice Reyes, Duty Floor Watch, received a call/report from Juan Dela Cruz with CP number 0912-345-6789 regarding a structural fire involving a commercial restaurant at 123 Test Boulevard, Brgy 456, Manila near Plaza Roman.

Dispatch of Engine Crew and Augmentation upto arrival at the scene: indicate where the fire truck is located when it was dispatched to fire scene, whether it is conducting OLP, fire drill, stand-by, etc.. Enumerate other fire trucks, assests and resources dispatched. Describe the

	scene, whether it is conducting OJT, fire drill, stand-by, etc. Enumerate other fire trucks, assets and resources dispatched. Describe the traffic, road and community condition on route to location, is it rush hour, are there double parking cars, stampede, etc. that caused delay in the response time.
	Engine 01 was immediately dispatched on or about 1431H while the crew was on stand-by at the Sampaloc Central Fire Station. They were augmented by Engine
	En route to the place of occurrence, the crew was hampered by heavy mid-afternoon traffic congestion along the main avenue and illegally double-parked vehicles blocking the narrow access street leading into the barangay, which slightly delayed the approach.
	Emphasize CONDUCT OF PHASES OF FIRE SUPPRESSION OPERATION RESPONSE
	Arrival at the scene: impression of the incident, classification of involved, stage of fire, extent of damage, scene size-up, safety and security concerns, possibility of raising alarm status due to population number, presence of hazmat, insufficiency of manpower, fire engine, tools, equipment and other resources.
	The (name of fire engine or other resources) arrived at the scene on or about (time). Total response time is (time in minutes).
36	Upon arrival at the scene, the fire is already in fully developed stage, it already engulped the whole structure and neigbors are already exposed to smoke.
	Upon scene size-up, (Name of SO), Safety Officer, declared that entering the building is no longer safe and sound.
	The team was informed that there are no trapped individual/ pet inside.
	Operational Details: enumerate alarm status raised and the Ground Commander in-charge until fire out. Include the time of overhauling stage until engines left the scene.
	On or about (time), (Name) Shift-in-Charge, declared 1st Alarm. On or about (time), (Name) Chief, Operations, declared 2nd Alarm.
	On or about (time), (Name) City Fire Marshal, declared 3rd Alarm. On or about (time), (Name) City Fire Marshal, declared under control.
	Finally, on or about (time), (Name) City Fire Marshal, declared fire out. The crew finished overhauling on or about (time).
	The (name fire engine or other resources) is in quarter on or about (time).
	Casualty: If there are injured victims indicate the total number and identify whether civilian, BFP or Fire Auxiliary. State the name, gender, age, condition if there are, the nature of their injuries, or the cause of death if available. If there are fatalities, indicate whether they are trapped and why they are trapped inside if information is available.
	There were no reported casualty during the operation.
	Other significant facts/events: The local barangay officials, led by Brgy Capt. Mario Luna, provided crucial assistance in establishing a safe perim

J. PROBLEMS ENCOUNTERED *(before, during and after fire operations) / (chek all applicable)*

		Inaccurate address / no landmarks especially in provinces resulting to difficulty in finding the involved

37		Geographically challenged (distance of fire station to community: mountainous, inter-island and the like)
		Road conditions (double parking, narrow obstructed streets, rough roads, traffic lights malfunction, congested U-turn slots, merging roads, influx of pedestrians from places of assembly especially during rush hours , multiple humps, steep roads, open man holes/sewer, ambulant vendors obstruction, overhanging trees/branches, overhanging canopy of houses, dangling wires and the like)
		Road under construction / under repair
	/	Traffic congestion
		Road accidents
		Vehicles failure to yield
		Natural Disasters / Natural Phenomenon (Floodings / landslides, earthquakes others)
		Civil Disturbance (Riots/Rallies)
	/	Uncooperative / panicked residents
		Safety and security threats (insurgents/terrorist/violent residents)
		Response delays due to lack of cooperation from property security and/or owner (ex. PEZA)
		Engine failure / mechanical problems while enroute
		Uncooperative Fire Auxiliary
		Poor water supply access
	/	Intense heat and smoke during firefighting operation
		Structural hazards (building collapse, electrical hazard, falling debris)
		Equipment mulfunction (faulty hoses, overheating or any mechanical issues of fire trucks or pumps)
		Lack of coordination with other emergency response teams (police, medics etc)
		Breakdown in radio communication due to distance, building structures, or system failure
		HazMat (contamination, chemical leaks etc)
		Physical exhaustion and injuries
		Emotional and psychological effects
		Community complaints against responders
		Others, specify

K. RECOMMENDATION/S

38	*Conduct further fire safety inspections for commercial kitchens in the area. Recommend the barangay to implement stricter roadside parking rule*

L. DISPOSITION

39	As of this date, no complaint has been filed against this Fire Station in relation to the fire suppression operation conducted. The scene is turned over to the Intelligence and Investigation Unit for final cause determination.
